

Business Executive Summer School SHIPFIN2017

SHIPPING FINANCE & RISK MANAGEMENT

Shipping, Trade and Transport Department
School of Business Studies, University of the Aegean
5 Jul - 7 Jul 2017 Chios, Greece

SHIPFIN2017 Profile

SHIPFIN2017 Business Executive Summer School on Shipping Finance and Risk Management is organized during 5 - 7 July 2017, under the auspices of Shipping, Trade and Transport Dpt., School of Business Studies, University of the Aegean (www.stt.aegean.gr) with the support of the Laboratory of Applied Economics and Finance (LAEF). It aims to provide top quality executive academic education, integrating theoretical principles with practical professional training in the field of applied shipping finance.

SHIPFIN2017 Objectives

Upon completion, the participants will have gained practical knowledge, skills and capabilities into alternative sources of financing and efficient financial risk management in shipping, which they can incorporate in their business practices. SHIPFIN2017 is designed for executives in the shipping and maritime markets and to postgraduate students as well as those interested in these topics. This subject is particularly critical, useful and timely, against an international business setting of turbulent circumstances and challenging adjustments, intensified competition, complex risks and increasing uncertainties.

SHIPFIN2017 Modules

The intensive 3-day School schedule develops along the following modules:

- (1) Alternative Sources of Financing in Shipping:
 - 1.1 Bank loans and credit risk assessment
 - 1.2 Fund raising in global capital markets
 - 1.3 Alternative financing instruments
- (2) Financial Risk Management in Shipping:
 - 2.1 Forward freight agreements
 - 2.2 Freight options
 - 2.3 Risk hedging strategies with FFAs.

SHIPFIN2017 Certificate - ECTS

The participants will receive a comprehensive package of lecture material and can be eligible to an Attendance Certificate, valid of European transfer credit units (ECTS).
